2 User Stories Table with columns:

a. User Type
b. Functional Requirement (Epic)
c. User Story Number
d. User Story / Task
e. Acceptance Criteria
f. Priority
g. Release

2. Since your project is **Metro Ticket Generating System using ServiceNow**, below are user stories you can directly use.

3. User Stories

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance Criteria	Priority	Release
Metro Passenger	Login	USN-1	As a passenger, I can log in to the ServiceNow portal using my credentials.	User can successfully access the portal.	High	Sprint-1
Metro Passenger	Metro Ticket Booking	USN-2	As a passenger, I can book a metro ticket by selecting the source and destination stations.	Ticket request is created successfully.	High	Sprint-1
Metro Passenger	Fare Calculation	USN-3	As a passenger, I can view the ticket fare before confirming the booking.	Correct fare is displayed.	High	Sprint-1
Metro Passenger	Ticket Confirmation	USN-4	As a passenger, I can submit my ticket request and receive confirmation.	Ticket booking is completed successfully.	High	Sprint-1
Metro Passenger	Booking History	USN-5	As a passenger, I can view my previous metro ticket bookings.	Booking history is displayed correctly.	Medium	Sprint-2
Metro Passenger	Notifications	USN-6	As a passenger, I can receive booking confirmation notifications.	Notification is sent after booking.	Medium	Sprint-2
Metro Administrator	Booking Management	USN-7	As an administrator, I can view and manage all metro ticket bookings.	All booking records are available for management.	High	Sprint-1
Metro Administrator	Reports	USN-8	As an administrator, I can generate booking reports.	Reports are generated successfully.	Medium	Sprint-2
Metro Administrator	Passenger Records	USN-9	As an administrator, I can maintain passenger booking records.	Passenger records are updated correctly.	Medium	Sprint-2

System Administrator	User Management	USN-10	As a system administrator, I can manage user accounts and access permissions.	Users can access features based on assigned roles.	High	Sprint-1
